September 11, 2023

Aula RAA-G-01
Rämistrasse 59, 8001 Zürich

USZ Universitäts
Spital Zürich

 Universitätsspital
Basel

Invitation

Dear Colleagues,

to develop further Swiss health care toward a patient-centered system, the University Hospitals of Basel and Zurich and the University of Zurich have hosted a series of Excellence in Patient Care (EPC) Symposia. These focused on Value-Based Healthcare (Basel, 2018), Shared Decision Making (Zurich, 2019), Patient-Reported Outcome Measures (PROMs) (Basel, 2020), The Swiss Database of Individual Patient Experiences (DIPEX.ch) (2021) and Kulturelle Kompetenz von Gesundheitsfachpersonen (Basel, 2022).

Building on these symposia, we are pleased to invite you to the EPC Symposium 2023. This forthcoming EPC Symposium will focus on how digital health technologies can be used to support, improve or change the way that patients prepare for and participate in shared decision making with health care professionals.

Join our EPC Symposium to get insights into opportunities, challenges and innovations in the field of digital health technology and shared decision making. Experts will give plenary talks and join in-depth group sessions.

The day will conclude with the annual award of the essay prize “Premio Pusterla Medical Ethics” for first-semester UZH medical students. This essay competition is organised by the Center for Medical Humanities at the Institute for Biomedical Ethics and History of Medicine, University of Zurich, and awards the essay that best addresses in literarily appealing form ethical problems and conflict situations in medical practice and clinics.

Please reserve this day and register using this [link](#) to sign up for participation.

We look forward to welcoming you at the University of Zurich.

Sincerely,

Prof. Dr. Nikola Biller-Andorno

Vice Dean Innovation and Digitalization,
Medical Faculty.
Director, Institute of Biomedical Ethics and
History of Medicine, University of Zurich.

Prof. Dr. Christoph A. Meier

Director, Department of Internal Medicine,
University Hospital Zurich.

PD Dr. Manuel Trachsel

Head of Clinical Ethics,
University Hospital Basel.

Program

| | |
|---------------|--|
| 13.45 | Registration |
| 14.00 | Welcome and introduction |
| <i>Chair:</i> | <i>Prof. Christoph A. Meier, Department of Internal Medicine, University Hospital Zurich</i> |
| 14.15 | Plenary talk: Shared decision making, health literacy and health inequalities – what do we know and what can we do better? <i>Dr. Marie-Anne Durand, Centre for Epidemiology and Research in POPulation Health (CERPOP), University Paul Sabatier, France</i> |
