

WEBINAR | REMOTE SELECTION SYMPOSIUM
Paul Ehrlich and Ludwig Darmstaedter
Prize for Young Researchers 2021

Monday, September 14, 2020

1.00 pm – 5.00 pm

You are cordially invited to participate online.

Please send an email to paul-ehrlich-nachwuchspreis@uni-frankfurt.de
to receive the access data (deadline for registration: Sept 10, 2020).

PROGRAM

1.00 – 1.10 pm

Introduction

Robert Tampé

Goethe University Frankfurt,
Institute of Biochemistry

2.40 – 3:10 pm

Break

1.10 – 1.40 pm

Kathrin Schumann

Technical University of Munich,
Institute for Medical Microbiology,
Immunology and Hygiene
›CRISPR-engineering human T cells
for therapy‹

3.10 – 3.40 pm

Stephan Hacker

Technical University of Munich,
Department of Chemistry
›Mapping of covalently ligandable
sites for novel antibiotics‹

1.40 – 2.10 pm

Elvira Mass

University of Bonn,
Life & Medical Sciences Institute
(LIMES)
›The role of macrophages in health
and disease‹

3.40 – 4.10 pm

Matthias Feige

Technical University of Munich,
Department of Chemistry and
Institute for Advanced Study
›Protein biogenesis: From principles
to immune modulation‹

2.10 – 2.40 pm

Sebastian Kobold

Ludwig Maximilians University
Munich, Division of Clinical
Pharmacology
›Engineering multifunctional T cells
for cancer therapy‹

4.10 – 4:40 pm

Florian Erhard

University of Würzburg, Institute
for Virology and Immunobiology
›Every cell matters – Infection processes
with single cell resolution‹
