2. Competitive funding as co-investigator or project partner
3. Non-competitive funding

Publication list (see document "DORA-Guidelines")

Research Statement (see document "DORA-Guidelines")

Teaching statement (in English, maximum 1 page)

¹ Where applicable, please attach scans of certificates of your PhD or MD degree, habilitation, license to practice medicine, any medical board certificates, documentations on professorial appointments

For some positions, **clinical and/or surgical experience** is mandatory. This does **not apply to basic science positions**.

For positions that require **surgical experience**, please list the surgical procedures you have performed according to their focus, and indicate

1) whether

(P) you performed the surgery independently (as main surgeon)

(S) you performed the surgery with the assistance of an experienced colleague

(T) you assisted as an instructor (teaching assistance)

(A) you assisted

2) and what type of intervention was performed (invasive (i), minimally invasive (mi), robotic assisted surgery (rc))
